Common Purpose 360 is the community for people who have completed a Common Purpose programme, anywhere in the world. Still rooted locally, Common Purpose 360 enables graduates to find, meet and exchange ideas with each other on a local and international scale: across programme years, local boundaries and national borders. The 360 Day is a single day each year – 10 October (10/10) - on which we ask everyone who is part of Common Purpose 360 to do something that broadens their horizons. If you are a Common Purpose graduate, visit www.commonpurpose360.org.....
