

NHS and Common Purpose. The links we have found are as follows

1. NHS Management quoting Common Purpose <http://www.tin.nhs.uk/leadership/common-purpose>

2. The rest of the links start at Cyril Chantler, ex Dean of Kings College London who masterminded the Extended Medical Degree programme to encourage the ethnic minority. This was Labour's social mobility project. Renowned to be regularly cognitively testing their first year students - the students say its compulsory. The FOIA requests say its voluntary. This is my theory on this aspect. It may not be correct but I think I am getting there <http://nhsexposedblog.blogspot.com/2009/03/garlickgate-empd-and-common-purpose.html> . Virginia Jibowu is the whistleblower on this aspect. You can read all about this on the internet. She is quite famous.

3. Cyril Chantler was a senior member of the General Medical Council. He is now at the Kings Fund [think tank] and Chairman of leading doctors website Doctors.net.uk. I write about him here <http://ward87.blogspot.com/2009/03/sir-cyril-chantler-common-purpose-media.html>

4. NHS and Common Purpose <http://ward87.blogspot.com/search?q=NHS+Common+Purpose>

5. Health Service Journal listing the training with Common Purpose in the NHS <http://www.hsj.co.uk/unlocking-leadership-potential-in-the-nhs/1332304.article>

6. Doctors.net.uk is a leading doctors website, it has all doctors registered with it and is probably a very nice way of controlling doctors. Its Chairman has links with Common Purpose. Its previous CEO Neil Bacon is a Common Purpose Graduate. Neil Bacon is now running the government backed iwantgreatcare.org - another way of collecting databases of people. <http://nhsexposedblog.blogspot.com/2009/03/common-purpose-dr-neil-bacon-connecting.html>

My colleague Witchdoctor has done more work on the NHS and Common Purpose. You simply have to read through her wictalk to get the details. <http://en.wordpress.com/tag/common-purpose/> . She has gone into detail on all these aspects.

I hope that assists you. If there are any other documents on FOIA that we should host or anything else, please do mail me directly. All other enquiries from individuals etc should go through our editor editor@nhsexposed.com . Always happy to advise or assist anyone in trouble.
